### Comic Subscription Service

- The subscription service is our pull & hold system that reserves your comics based on a list that you provide.
- All subscription customers receive 10% off all new and current comics, graphic novels, and comic supplies (individual boards & bags, pre-packaged boards & bags, comic boxes, dividers and frames). **NOTE:** Discounts do not apply to variant covers or back issue comics.
- You must begin with and maintain 3 titles in order to maintain the subscription service.
- New comics arrive on Wednesdays. There may be some exceptions during holidays or due to unforeseen circumstances. These exceptions will be posted on our Facebook page.
- Any deletions, additions, or changes to your list OR changes to your email OR phone number should be in writing and emailed to [askrockheads@rockheads.com](mailto:askrockheads@rockheads.com), or dropped off at the store. You can also make changes on your list in the store.
- If you add a title to your list, you will get every issue from that point on based on publishing schedules. If you only want a specific issue of a certain title, simply state "this issue only" on your list.
- You will receive 1 copy of your title(s) unless you notify us in writing that you would like multiple copies.
- At times a title may be automatically added to your list based on a title that already appears on your list (some titles flow from one book to the next, or continue in another title or volume). You are not obligated to buy any added title – just hand it off to the person at the front counter.
- **Comics should be picked up weekly, or at least once per month. If you are unable to pick up your comics for an extended period of time, please let us know, and arrangements can be made. If your issues are not picked up for more than 2 months your subscription will be closed without notice.**
